Dear Sheri:

I hope you and the EPA Region are doing well!

Our business is brisk, and we appreciate the good references you have given. We have several EPA projects pending, and some are near you.

The ACS PRP Group was granted time extensions during our construction period. Would it be possible to obtain copies of the letters granting those time extensions?

If you have any questions, give me a call at 1-800-940-1128.

Sincerely,

Don R. Justice
